

Supply Agreement CC-SK-2025-03

Agreement no. CC-SK-2025-03

Long-term supply agreement dated 2025-03-15 between **Sakura EV Corporation** ("Customer") and **Veltra Automotive GmbH** ("Supplier").

1. Parts

Supplier supplies the following parts: Battery enclosure BE-500 (FG-BE-500), EV high-voltage wiring harness (FG-WH-EV1). Piece prices are listed in Annex A.

2. Term

Valid until 2028-03-14.

3. Raw material surcharge

For aluminium (ALU index): if the 6-month average of the index deviates by more than 8% from the reference value in Annex B, 100% of the resulting material cost change is passed through, semi-annual (1 April / 1 October). Cumulative adjustment capped at 10% per contract year.

Exclusions. All other raw materials are fixed; copper exposure is borne by the supplier.

Annex B. Index reference values

Index	Reference period	Reference value
LME Aluminium cash settlement index (USD/t)	2024-12 monthly average	2,350.0

4. Claims procedure

Adjustment requests require 45 days written notice before the adjustment date.

5. Annual price-down

Supplier grants a productivity price reduction of 2% on piece prices on each 1 January.

6. Extraordinary review

If the cap in Section 3 limits the adjustment in two consecutive adjustment periods, Supplier may request an extraordinary price review with 30 days notice.

7. Cost reduction sharing

Savings from design or process changes proposed by Supplier and approved by Customer are shared 50/50 through a piece price reduction.

Annex A. Piece prices

Prices in EUR per piece, DAP Customer plant. The 2026 prices include the 1 January 2026 price-down. Quotation basis for raw materials: index reference values in Annex B.
