An adjustment is triggered only when the index average deviates from the reference value by more than **5%** (up or down). 85% of the relative index change is passed through to the base price. The cumulative adjustment in any contract year shall not exceed 15% of the base price. The relative index change is calculated in the index currency; no currency conversion is applied to the adjustment.

Supplier shall notify Buyer of any adjustment in writing at least 30 days before it takes effect, including index evidence. Adjustments without timely notice apply from the next review period.

5. Payment

Payment 60 days end of month. Invoicing currency: EUR.

6. Force majeure

Neither party is liable for delays caused by events beyond its reasonable control. Market price movements do not constitute force majeure.
